Benson's First Grade Reading Program

Just a few reminders.....

Most of the children have completed their word rings. It would be beneficial to your child to practice these words at least once a week.

Please be sure the little books are returned to school the very next day. These books are used with all children in the Project Prevent Reading Program. Replacement cost for a lost or damaged book is \$6.50.

Reading classes will be cancelled January 10th and 12th. We will be assisting with the winter CBM testing for the school.

Just a Note

To ensure success in the Project Prevent Reading Program, your child should be reading something to you every day. Be sure that what they are reading to you is at their reading level: not too easy and not too hard.
