

Support Outdoor Education

We need your vote! It's simple!

We have nominated Franzen School for the *Power a Bright Future* Grant Program
to

Fund Itasca School District 10's 5th Grade Outdoor Education Program

Each year, Clorox Corporation gives away 5 large grants to promote school programs!

Between the dates of October 24th and December 9th, go online at
www.powerabrightfuture.com and vote for our submission!

Find us in the **EXPLORE CATEGORY** or type in **Itasca or Franzen** and click on search
to find the grant.

Winning a grant like this could fund our Outdoor Education Program for years to come. Would you please send this information, via email to every list you have; or use Twitter, Facebook,, or the QR Code found online and ask them to vote, once a day if possible from 10-24 to 12-9.

Awards are announced January 2012.

It takes a Village and we are grass roots fundraising! Thank you in advance!!

You must be 13 to vote, and you can vote once a day from one email address only...

There are easy sample emails and facebook templates at www.powerabrightfuture.com

What our kids have to say about Outdoor Ed:

"If you asked every 5th grader how much fun it was, we would all say so, so, so much fun." "...it literally felt like you were a pioneer, we used things that pioneers would use when they were alive!" "We got to pretend we were animals and "hunt" for food in Instincts for Survival and swing on a rope in Team Building!" A college senior explains what it meant to her: "It truly was the best experience...I knew after coming back it was a trip I would never forget. Eleven years later, I still haven't."
