DIRECTIONS:

1. Write your name and block number on the first map.
2. Complete the timeline on the second page (see page 51). Glue the timeline on the **BACK** of the First Page.
3. Fold **BACK** Glue Tabs. Fold Hanging Gardens in half and stick glue together to form a square.
4. Stick Glue Hammurabi's Code near Babylon and the Hanging Gardens **AROUND** Babylon. Then Stick Glue the Egyptian Rosetta Stone in Lower Egypt.

1st Quarter EXTRA CREDIT - We're learning about the Sumerians, Egyptians, & Phoenicians.

Now You Can Make Your Own Rosetta Stone!

1. Google "Your Name in Cuneiform", "Your Name in Heiroglyphics", and "Your Name in Phoenician" (Watch your spelling).
2. Get a piece of clay at a craft store (Mexican Pottery Clay?) and put your initials in the clay with a wedge shaped stylus, use glitter glue or paint to write your name in Heiroglyphics, and scratch your name in Phoenician.
3. Write your name in English on the back. **LET IT DRY BEFORE you bring it to school!**

Don't worry if it cracks! Just glue it back together and it will look REALLY OLD!

Due Oct. 23 in order to get credit for this Quarter.

Otherwise it will go on the second quarter grade. Of Course, you could always turn it in early!
